YOUR PROFESSIONAL SUPPLIER AND MANUFACTURER PARTNER

headquarter
SEMARANG

factory
PATI

We have been manufacturing high-quality charcoal made with high-quality raw materials and delivering charcoal to a lot of countries across the globe since 2003 and our manufacturing capacity is up to 1000 tons a month because we have 5 production lines and 10 ovens. We also can produce charcoal based on our client's custom specifications and provide flexibility for the payment terms & conditions.

Our location

- Virtual Office
SEMARANG
- Factory Location
PATI
- Representative Branch Partner
ANKARA, TURKIYE

WHY SHOULD US?

STRENGTHS

Our luxury grade briquettes have lower ash content compared to other brands with only 2% of maximum ash content.

HEAT

Our luxury grade briquettes can last more than 2 hours of burning time.

ODORLESS

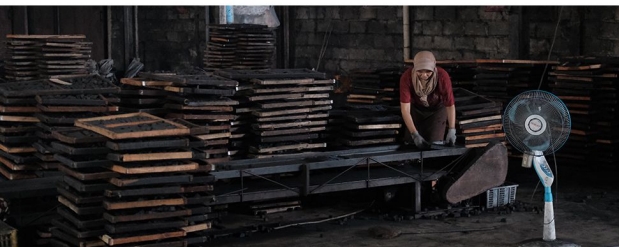

We don't add any flavors in the process of manufacturing our briquettes so our charcoal doesn't affect the smell and taste of shisha tobacco in any way

1. WHAT KIND OF CHARCOAL BRIQUETTE THAT ATN PRODUCE?

We produce mainly coconut shell charcoal but we are also available for any other ingredients such as palm shell charcoal and pecan shell charcoal based on our client's needs

2. HOW MANY DAYS TO PREPARE CHARCOAL FOR 20 FT CONTAINER AND 40 FT CONTAINERS?

We only need maximum 14 days to prepare the goods if the design of the box is ready

3. DOES ATN OFFER GUARANTEE?

Yes, We provide independent laboratory tests and laboratory surveyors for our clients to make sure the goods are the same as the sample that we both agree before we start the mass production

4. HOW TO ORDER?

You can contact our admin from WhatsApp or email to our company
